CONDOMINIUMS

**Red River**  
**New Mexico**

**1.800.445.6077**

The Edelweiss Condos are built around a central courtyard. If you wish to cookout, feel free to use our gas grills conveniently located just outside each condo. Picnic tables adjacent to a beautiful grassy play area are there for your enjoyment. Our heated swimming pool is kept to a comfortable 90-93 degrees year-round and our sauna is conveniently located next to the pool for your relaxation.

Each condo has its own unique decor, color scheme and custom appointments. They all provide you with fully equipped kitchens, appliances and utensils. All you have to do is bring your food. You'll also find one and one-half baths and two or three bedrooms depending on the unit. If the occasion presents itself be sure to ask about our special "Honeymoon Package."

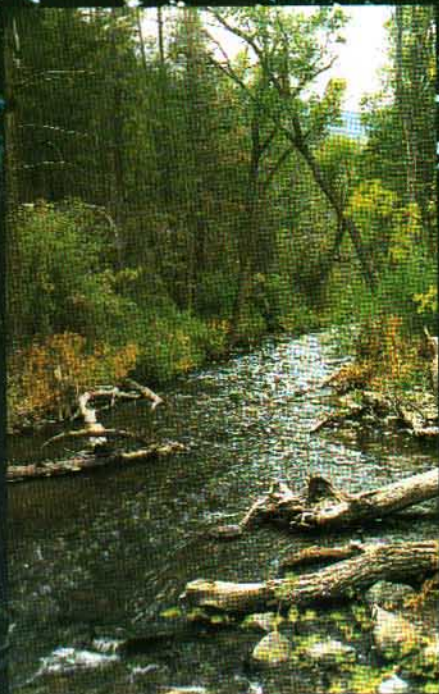

Skiers of all levels are impressed with our slopes. And, best of all, skiing is just a short walk from your condo.

Skiing, snowmobiling, cross-country skiing and sleigh rides, make Red River a winter wonderland for your entire family.

## **A Mountain Paradise . . .**

Just outside the doors of the Edelweiss is everything you could ever want in the great outdoors. In the summer: jeeping, hiking, rafting, camping, and some of the best mountain trout fishing in the state.

In the winter: skiing, snowmobiling, cross country skiing, sleigh rides and the most beautiful scenery in the world.
